The members of the NEFGA & PAGC would like to thank all participants.

While most of the guppies came from our guppy club members this year, we hope that next year you will bring your guppies to the convention!

Pick one class and set aside a couple tanks to selectively breed the best guppies you can!

Go to our websites for more information on how to breed to the IFGA standards.

Due to the untimely passing of Larry Jinks, our scheduled speaker for the May meeting, we have a last minute change. We are happy to be able to bring back one of the local area’s favorite speakers who has been gracious enough to fill in at the last minute, Joshua Wiegert. Joshua Wiegert is a well-known aquarium author and speaker, having penned the “Conservation Corner” in FAMA and later API for many years. More recently, he is the author of the Bottom of the Tank in Tropical Fish Hobbyist. His feature articles have been included in many magazines over the years, and he has traveled throughout the US and beyond speaking at various aquarium clubs. He is best known, however, as the owner of Batfish Aquatics and is a solid fixture at large aquarium conventions and is a staunch supporter of the hobby. In honor of Larry, Joshua will present a program similar to what we had planned with Larry.

THE PUBLIC IS WELCOME
